acute momentum

Rocker Recliner

Specifically designed for acute care patient and treatment rooms, the Acute Momentum line with gentle contours and generous cushions provide stress-reducing comfort for patients. Cleanout is available with no engineering required. For added comfort, an optional soothing heat and light massage function is available on recliners.

Model: 880302

Features

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Release Latch

Recessed release latch on inside right arm engages reclining mechanism as it locks rocking mechanism.

Extended Length

Fully reclines to a depth of 64.5 inches.

Easy to Clean

Clorox Healthcare and Kwalu are partnering to fight HAI's. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.
