avella

Lift

The Avella Lift chair makes getting up from a seated position very easy. A slow and safe "lift" assists residents from sitting to standing at the touch of a button. Recline and lift are activated by pressing a 2 button control. Generous cushions, scrolled arms and an ergonomically designed back are standard. This chair is outfitted with a power cord.

Model: AVE1

Features

Lift Mechanism

Advanced mechanism provides smooth and effortless lift functionality.

Extended Length

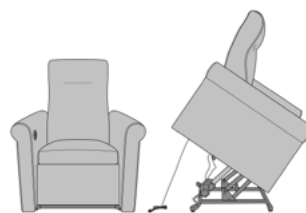

Fully reclines to a depth of 58 inches.

2 Button Control

Power recline with full-lift capability is activated by a 2 button control.
