capestrano

Recliner

Clean lines give this wing back Capestrano Recliner a relaxed, modern appeal that sure to fit in any décor. A simple push-back on the arms and it reclines for a most relaxing seat. The footrest and back work in sync together, so it is not possible to independently control just the footrest.

Model: CAPER1
30W 32D 44H 22SW 20SD 19SH 25AH

Features

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Push on the Arm Mechanism

The recline mechanism is activated by a simple push back on the arms.

Extended Length

Fully reclines to a depth of 67 inches.

Easy to Clean

Clorox Healthcare and Kwalu are partnering to fight HAI's. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.
