Sleepover Recliner

Motorized

Effortless reclining is enabled by the touch of a button on the inside of the right arm of the Carrara Motorized Sleepover Recliner. This recliner is functional with or without a rechargeable battery. A battery pack storage compartment is added to the recliner if the optional battery pack is purchased. Standard features include a stationary head rest pillow, heavy duty locking and non-locking casters and a power cord. Also standard are solid arm caps to provide protection of the fabric.

Model: CRSLMTR1011

Features

Kwalu Arm Caps

Kwalu high-impact resistant solid surface arm caps are a standard feature.

Extended Length

Fully reclines to a depth of 75 inches.

4 Button Control

Press the control buttons on the inside right of the chair to initiate recline and raise and lower the footrest independently.

Optional Upholstered Arms

Choose from 2 optional upholstered arms – with arm caps and without arm caps.
