Recliner

# lita

## Recliner

The Lita Recliner boasts smaller scaled dimensions, designed for the more petite resident. This push-back model allows the user to manually recline by simply pushing back on the arms. The footrest and back work in sync together, so it is not possible to independently control just the footrest.

Model: LIRARBA  
29W 34D 48H 20SW 19.5SD 19SH 25AH  
69 Ext. Depth

### Features

#### Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

#### Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

#### Easy to Grasp Handgrip

Extended arm creates easy to grasp handgrip.

#### Push on the Arm Mechanism

The recline mechanism is activated by a simple push back on the arms.

#### Three Position Recliner

The three-position recliner fully extends to a depth of 69 inches.

#### Concealed Cleanout

Concealed cleanout eliminates a debris build-up behind the seat cushion.

#### Easy to Clean

Clorox Healthcare and Kwalu are partnering to fight HAI's. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.
