## Bariatric – 34W

The cushioned seat of the Modena Bariatric Guest Flex extends slightly to support and deliver more comfort to thighs and behind the knees. Reinforced steel under the seat supports 500 pounds. The flex frame connects from the seat of the chair to the back and consists of three custom brackets and horizontal support. The seat, arms and legs remain stationary to deliver ergonomic support as the user changes position while seating. The Modena Guest chairs are suitable for multiple healthcare locations including patient rooms.

Model: MDAB34G

### Features

**Faceted-Edge Frame Detailing**  
The outside face of the chair frame showcases faceted-edge detailing reminiscent of hand-crafted wood workmanship.

**Flex Back**  
Frame enables a modest amount of flexibility in the back only; seat, arms and legs remain stationary.

**Wallsaver**  
Wallsaver back legs help keep walls in pristine condition.

**Steel Reinforced**  
Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

**Weight Capacity**  
Modena Bariatric Chair 34W is rated to 500 lbs weight capacity.

**Visible Cleanout**  
Cleanout is incorporated behind the seat cushion to prevent buildup of debris while providing a clean look.
