Guest – Armless

The armless version of the Modena Guest Flex is a thoughtfully designed chair featuring an upholstered back and seat. The flex frame connects from its seat to the back, enabling a modest amount of flexibility in this short backed chair. Wallsaver back legs ensure the walls remain in pristine condition.

Model: MDANAG11

Features

Flex Back

Frame enables a modest amount of flexibility in the back only; seat, arms and legs remain stationary.

Wallsaver

Wallsaver back legs help keep walls in pristine condition.

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

Visible Cleanout

Cleanout is incorporated behind the seat cushion to prevent buildup of debris while providing a clean look.

Faceted-Edge Frame Detailing

The outside face of the chair frame showcases faceted-edge detailing reminiscent of hand-crafted wood workmanship.
