## Flex – Tall Back

The Valdina Flex – 24W Tall Back is designed with a flex frame that connects from the seat to the back. This frame enables a modest amount of flexibility in the back only which adds a level of comfort during long waiting periods. The seat, arms and legs remain stationary providing ergonomic support as the user changes position while angled, contemporary arms facilitate ingress and egress. This chair has two back styles, tall and short. Wall saver back legs ensure the walls remain in pristine condition.

Model: VDNF12

### Features

#### Flex Back

Frame enables a modest amount of flexibility in the back only; seat, arms and legs remain stationary.

#### Wallsaver

Wallsaver back legs help keep walls in pristine condition.

#### Steel Reinforced

Our patented steel-reinforced joints system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

#### Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

#### Visible Cleanout

Cleanout prevents buildup of debris and provides for easy maintenance.

#### 10 Year Warranty

We offer a 10 Year Performance Warranty on both construction and finish, so the product is guaranteed to stay looking like new for 10 years.
