Tall Back – Fixed

valdina

Tall Back – Fixed

The Valdina Tall Back – Fixed is thoughtfully designed, featuring clean lines, a spacious removable seat and an angled fully upholstered back. The chair back extends to the seat rail and the cleanout is incorporated behind the seat cushion providing a clean, functional look. The seam at the top of the back creates a faux pillow adding support to the neck and head. Wall saver back legs insure the walls remain in pristine condition. Optional center linking tables and corner linking tables with a leg support may be added to the Valdina Fixed chairs.

Model: VLDFIXP11

Features

Nightingale Award
Kwalu's GetWell Patient Room was awarded a Nightingale Innovation Award for Surfacing Material.

Wallsaver
Wallsaver back legs help keep walls in pristine condition.

Steel Reinforced
Our patented steel-reinforced joints system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

Durable Finish
Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Visible Cleanout
Cleanout is incorporated behind seat cushion to prevent buildup of debris while providing a clean look.

Easy to Clean
Clorox Healthcare and Kwalu are partnering to fight HAI's. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.
