Flex – Short Back

Key to Kwalu's Valdina Flex Chair design is the flex frame which connects from its seat to the back, enabling a modest amount of flexibility in this short backed chair. The slight movement in the back soothes and adds comfort during long waiting periods. The seat, arms and legs remain stationary providing ergonomic support as the user changes position while angled, contemporary arms facilitate ingress and egress. This chair has two back styles, tall and short. Wall saver back legs ensure the walls remain in pristine condition.

Model: VDNF11

Features

Flex Back

Frame enables a modest amount of flexibility in the back only; seat, arms and legs remain stationary.

Wallsaver

Wallsaver back legs help keep walls in pristine condition.

Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Visible Cleanout

Cleanout prevents buildup of debris and provides for easy maintenance.

10 Year Warranty

We offer a 10 Year Performance Warranty on both construction and finish, so the product is guaranteed to stay looking like new for 10 years.
