vercelli

Dining

Kwalu's Vercelli Dining Chair is the kind of comfortable style you want at the dining table. The back of the Vercelli mimics a winged lounge chair. The arms end in a slope, which functions as a comfortable place to rest your hands while seated and an aid for ingress and egress. The tapered legs and chair base are made from Kwalu classic material. This chair has a concealed cleanout which ends debris build up. An optional back handle makes the Vercelli very easy to position.

Model: VCL1111

Features

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

Concealed Cleanout

Concealed cleanout eliminates a debris build-up behind the seat cushion

Optional Casters

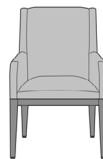

Optional casters are available on the front legs only and for all four legs adding side stretchers.

Optional Back Handle

A back handle is available to assist in moving the chair and it is optional.
