Caterina Guest chairs  
(as shown and on cover)

# Caterina

## DESIGNED FOR HEALTHCARE

The Caterina was designed for use throughout any hospital. The chair frames look like wood, but are actually made from a ground-breaking, solid surface (1/8" thick), high-impact-resistant polymer which means they don't have any of the drawbacks of wood. The frames are moisture impervious and can be cleaned for at least 10 years using any of the EPA-registered antimicrobial products effective against *C. diff.* (even 100% bleach), without diminishing the chair surface's integrity or appearance.

## BUILT FOR INFECTION PREVENTION

On the patient's road to recovery and sustained good health, cleanliness is critical. Combining appropriate furniture materials with the correct cleaning products and protocols ensures effective surface disinfection, reducing the risk of cross-transmission of HAIs. The Caterina Guest/Multi Use Chair is built for infection prevention with a frame that does not support microbial growth. The chair can also withstand the harshest daily cleaning regimens, including bleach, without degrading its finish and appearance. Kwalu's Caterina chair provides one missing piece of the puzzle in infection prevention, contributing to the goal of eliminating deadly pathogens before they can come into contact with healthcare workers, patients and guests.

**LEVEL®**

Furniture**

### Nightingale Innovation Award

Kwalu's GetWell Patient Room  
was awarded a Nightingale  
Innovation Award for  
Surfacing Materials.

### Easy to Clean

Clorox Healthcare and Kwalu are  
partnering to fight HAI's. Kwalu  
chairs have no topical coatings, so  
sanitizing solutions commonly used  
in healthcare environments can be  
used – including 100% bleach –  
without degrading the finish.

### 10 Year Warranty

We offer a 10 Year Performance  
Warranty on both construction  
and finish, so the product is  
guaranteed to stay looking like  
new for 10 years.

# Caterina Guest Chair

UPHOLSTERED BACK ARMLESS

These thoughtfully designed chairs feature clean lines; a spacious removable seat, an angled back, angled, contemporary arms to facilitate ingress and egress and wall saver back legs. Caterina Guest is available as a slat back and a short upholstered back, in widths of 23.5" or 28".

The armless version of the Caterina is a thoughtfully designed chair which features clean lines; a spacious removable seat, an angled back and wall saver back legs. Inset side seat rails provide a sturdy support to assist in navigating ingress and egress. The legs are connected by side stretchers.

## Features

Nightingale  
Awards

### Nightingale Gold

Our Caterina Guest Chairs were awarded Nightingale Gold for Seating: Guest / Lounge.

### Wallsaver

Wallsaver back legs help keep walls in pristine condition.

### Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

### Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

### Optional Back Style

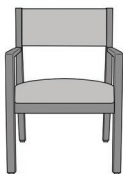

Choose from 2 optional back styles – Slat Back or Upholstered Back.

Kwalu's beautifully designed furniture is made of a high-impact-resilient polymer that looks like wood but has none of its drawbacks. Finishes won't split, chip or swell even after years of harsh cleaning.

# Caterina Linking Tables

The Caterina Linking Tables make it possible to 'link' the versatile Caterina Guest chairs in a lobby or waiting room setting so families can sit together comfortably. Corner and Center linking table options are available and mounting brackets attach to the frame of the chair to support the tables.

Eliminating Hospital Acquired Infections (HAIs) requires increasingly stringent infection prevention protocols. Our medical furniture products do not have surface joints or seams and do not support microbial growth.

# Caterina Occasional Tables

Kwalu's occasional tables for healthcare are as durable as they are beautiful. The Caterina Occasional collection features round end tables and round or oval shaped coffee tables; all with the signature double-band accent. The Caterina's smooth surfaces make cleaning easy.

Aesthetics play a key role in the visitor's comfort and can help make a positive association between hospital and home. Healthcare furniture should be able to accommodate a crowd and look clean.

# Caterina Easy Access

Thoughtfully designed with a higher seat, the Caterina Easy Access chair allows you to sit without bending at the hip. Front, back and side stretchers provide better support for the user. Built with safety in mind, this chair has non-skid adjustable glides on the front and back legs. An easy to use foot rest is attached to the top of the front stretcher. The Caterina Easy Access is ideal for post hip surgery patients or those suffering from hip and knee arthritis.
