Valdina

DESIGNED FOR HEALTHCARE

The Valdina was designed for use throughout any hospital. The chair frames look like wood, but are actually made from a ground-breaking, solid surface (1/8" thick), high-impact-resistant polymer which means they don't have any of the drawbacks of wood. The frames are moisture impervious and can be cleaned for at least 10 years using any of the EPA-registered disinfectants approved for use against viruses and other pathogens (even undiluted bleach), without diminishing the chair surface's integrity or appearance.

BUILT FOR CLEANABILITY

On the patient's road to recovery and sustained good health, cleanliness is critical. Combining appropriate furniture materials with the correct cleaning products can help maintain cleaner surfaces and may control the spread of infection. The Valdina is built to promote a cleaner surface environment, with a non-porous frame that does not support microbial growth. The chair can also withstand the harshest daily cleaning regimens, including undiluted bleach, without degrading its finish and appearance. Kwalu's Valdina is a piece in the puzzle that contributes to the goal of eliminating deadly pathogens before they can come into contact with healthcare workers, patients and guests.

Nightingale Innovation Award

Kwalu's GetWell Patient Room was awarded a Nightingale Innovation Award for Surfacing Materials.

Easy to Clean

Clorox Healthcare® and Kwalu are partnering to promote cleaner surfaces. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.

10 Year Warranty

We offer a 10 Year Performance Warranty on both construction and finish, so the product is guaranteed to stay looking like new for 10 years.

Valdina Short Back – Fixed

The **Valdina Short Back – Fixed** is thoughtfully designed, featuring clean lines, a spacious removable seat and an angled fully upholstered back. The chair back extends to the seat rail and the cleanout is incorporated behind the seat cushion providing a clean, functional look. This is exactly the type of comfortable seating required in a reception area, lobby or waiting room. Optional center linking tables and corner linking tables with a leg support may be added to the Valdina Fixed chairs.

Valdina Short Back – Fixed

Features

Wallsaver

Wallsaver back legs help keep walls in pristine condition.

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Steel Reinforced

Our patented steel-reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

Seat Cushion is Field Replaceable

The seat cushion can be replaced in the field.

Visible Cleanout

Cleanout is incorporated behind seat cushion to prevent buildup of debris while providing a clean look.

Brake Under Load Casters

Optional Brake Under Load Casters lock when a person sits on the chair, and unlocks when they're not for easy movement of the chair.

Optional Tall Back Cushion

For increased comfort and support in waiting or reception areas, choose the optional tall back cushion.

Optional Linking Tables

Optional Center and Corner Linking tables are available to provide stationary space between the chairs and fit your space.

Valdina Multiple

The **Valdina Multiple**, like all Kwalu group seating options, make it possible for friends and family to sit together comfortably in lobbies, lounges and reception areas or in emergency waiting rooms. Extremely versatile, this seating option allows for various configurations of two or three seats combining guest or bariatric sizes. The chair has two back styles – tall and short. Linking tables may be added and are optional.

3-SEATER TALL BACK

2-SEATER SHORT BACK

Valdina Linking Tables

Valdina **Linking Tables** make it possible to 'link' the versatile Valdina Fixed chairs and the chairs in the Valdina Multiple collection in a lobby or waiting room setting so families can sit together comfortably. The corner linking table is equipped with a center leg support. Center linking tables can be mounted between two Valdina Guest chairs. Steel mounting brackets are available to attach the table to the frame of the chairs.

Valdina Tall Back – Fixed

The **Valdina Tall Back – Fixed** is thoughtfully designed, featuring clean lines, a spacious removable seat and an angled fully upholstered back. The chair back extends to the seat rail and the cleanout is incorporated behind the seat cushion providing a clean, functional look. The seam at the top of the back creates a faux pillow adding support to the neck and head. Wall saver back legs insure the walls remain in pristine condition. Optional center linking tables and corner linking tables with a leg support may be added to the Valdina Fixed chairs.

Valdina Easy Access

Anyone who has experienced hip replacement surgery understands the importance of a chair that takes the guess work out of the simple act of sitting down. Kwalu's **Valdina Easy Access Chair** does not disappoint when it comes to providing pain-free, secure and comfortable seating. The higher seat is designed to enable sitting without bending at the hip and the solid, upright back provides unmatched ergonomic support. Side, back and front stretchers add to the stability of this chair. Non-skid glides are on all legs; adjustable on the front. An easy to use foot rest is attached to the top of the front stretcher. While there is nothing simple about hip replacement surgery the simple act of taking a seat in the Valdina Easy Access Chair is.

Valdina Flex Chair

Key to Kwalu's **Valdina Flex Chair** design is the flex frame which connects from its seat to the back, enabling a modest amount of flexibility in this short or tall backed chair. The slight movement in the back soothes and adds comfort during long waiting periods. The seat, arms and legs remain stationary providing ergonomic support as the user changes position while angled, contemporary arms facilitate ingress and egress. This chair has two back styles, tall and short. Wall saver back legs ensure the walls remain in pristine condition.

The **Valdina Flex – Short Back Armless** is a thoughtfully designed chair which features an upholstered back and seat. It has a flex frame which connects from its seat to the back, enabling a modest amount of flexibility in this short backed chair. Wall saver back legs ensure the walls remain in pristine condition.

Valdina Lounge

The **Valdina Lounge** is everything you want in a waiting zone. Comfort in the thickly cushioned seat, a sculpted back that supports good posture and bleach-cleanable Kwalu classic material arms and tapered legs. The boxcar seat styling of this lounge chair gives its back the appearance of floating in air, creating a visible cleanout for easy maintenance. You will gravitate to the oasis that is the Valdina Lounge.
